**Notes:** We reopen on Monday 12 April. It is important that we commence following government guidelines to give all our members the confidence that we are taking social distancing measures seriously. Class times have been altered slightly to help run Covid Safe Classes. We will allow a 15-minute gap between lessons for cleaning duties, etc. We have put in place a pre-booking system for all classes with a maximum capacity of 12 people to allow time and space for entry and departure before the next class begins.
